# Y5-Artists-Inspired-by-Waves

**Gustave Courbet**

Courbet offers an intense vision of the stormy ocean.

It looks like the boats are about to be swallowed by the sea.

The Wave, 1870

7

What's different about how these waves are painted?

**Vanessa Mae**

Mae taught herself how to paint. She shares her love of the ocean in her work.

"Flash of Azure, 2020"

Constantine Sunset, 2018

? What is different about how Vincent Basham painted the sea versus the others we viewed today?

10

The art of Katsushika Hokusai inspired our project today.

Throughout the history of Japanese art, one of the most common natural landscape themes is the ocean and waves off the country's coast.

Japanese prints often outlined elements with black ink.

*The Great Wave off Kanagawa, Hokusai's most famous print, the first in the series 36 Views of Mount Fuji, 1830-31*
